### **Awards**

- The National Terrazzo & Mosaic Association (NTMA) selected Wichita Dwight D. Eisenhower National Airport terminal from among 38 nationwide terrazzo projects

submitted by NTMA members. The judging by industry experts is based on design, scope and craftsmanship. ICT was one of 13 recipients to be honored in 2016. The National Terrazzo & Mosaic Association is a 150-member, full service nonprofit trade association headquartered in Fredericksburg, Texas. Founded in 1923, NTMA establishes national standards for terrazzo floor and wall systems

- The Wichita Dwight D. Eisenhower National Airport terminal received the prestigious Ad Astra Award during the Wichita Chamber of Commerce Honors Night on April 7, 2016. Honors Night recognizes three kinds of achievement: individual, corporate and architectural. Each honor is bestowed in recognition of a unique contribution to the enhancement of our community. Created in 2001, the Ad Astra Award honors outstanding achievements in the community that are worthy and deserving of recognition, but which aren't necessarily aligned with any awards already established. This is only the third time the award was given, following Exploration Place in 2001 and INTRUST Bank Arena in 2011.
- The Wichita Dwight D. Eisenhower National Airport earned a Gold Award for the design of its new terminal at the 4th Annual Mid-America Design Awards presented by the International Interior Design Association. The award was presented on May 6, 2011 in Overland Park, Kan.
- The new airport terminal —designed by HNTB Architecture, in association with GLMV Architecture —was recognized in the “Unbuilt” category. Critique was based upon innovation, implementation of design through use of materials, color, light and overall solution.
- Wichita Dwight D. Eisenhower National Airport is a 2015 Award of Excellence winner for projects more than \$10 million from the Kansas Associated General Contractors of America announced on Jan. 29, 2016. The \$101.5 million project also received the Judges’ Award. The award is based on significant construction features, innovative construction techniques, safety and outstanding examples of workmanship.
- The Wichita Dwight D. Eisenhower National Airport Sustainability Program was a recipient of the Airports Going Green Award in 2013. This prestigious award recognizes the value of the Airport’s environmental and conservation efforts, as well as outstanding leadership in pursuit of sustainability within the aviation industry. The Wichita Airport Authority was recognized for its efforts and presented the Award at the 6th Annual Airports Going Green Conference in

Chicago, IL on November 13, 2013. The Airports Going Green Conference is the aviation industry's leading sustainability forum, bringing sustainability leaders and innovators together from all over the U.S. and around the world.

- 2011 Regional Clean Air and Sustainability Award. The Wichita Airport Authority was the proud recipient of the Wichita Metro Air Quality Improvement Task Force 2011 Regional Clean Air and Sustainability Award.
